

High School Newsletter

September 8, 2017

This week...

Math - "What is Math?"...we discussed items that we use in math such as clocks, calendars, maps, etc and items that we do not use in math.

Language Arts - This week we discussed "nouns" and how to identify them. We made a chart of items that were nouns and items that are not nouns.

Social Studies - Since Monday we will be remembering September 11th...we have discussed events from this moment that changed our country.

Science - We will be doing all types of activities in Science this year so we are beginning our lessons with safety in the science class. We talked about wearing gloves and washing our hands after handling science items, not eating science items, and behaviors in the science class.

Specials Classes...

In addition to academic classes, your child also has each of these special classes once a week.

Art

Music

Ecology

PE

Healthy Living

Media

Important Dates...

September 21st - No school Parent/Teacher Conferences (you will be contacted by your child's teacher for a time).

September 22nd - No school - Teacher Workday

September 28th - Title I/Curriculum Night 6pm - 8pm.
